**LETTER OF REFERENCE**

TO WHOM IT MAY CONCERN

We can confirm that we've personally audited Ve-Tro-Isol AG in Ferizaj, Kosovo and have also purchased dried Boletus Edulis in different quantities in September 2016. The quality of the product matched exactly the specification we've agreed upon before purchase. The handling from the company was in every way professional and also the personal contact with the managing director, Skyfyer Ajvazi, was always professional and on time. Ve-Tro-Isol AG will hopefully be one of our core suppliers for dried mushrooms in the future. Dried mushrooms are a crucial product for our company.

If you have further questions, do **not** hesitate to contact us.

Best regards

**Gottfried Hirtz AG**
